

Kenneth Madden Non Duality Retreat

9th to the 13th of October 2019

Ennistymon, Co. Clare, Ireland.

Kenneth shares another possibility – one that clearly and uncompromisingly points towards the openly obvious- that what appears to be happening is always what is already sought by the apparent person. This is it. This is mostly mostly not seen as there appears to be the contracted feeling of being a separate ‘me’ which moves in a negotiates the world outside of them. This pervasive sense of being a real individual goes unquestioned and accepted as absolute.

There is no individual recognised or entertained in any way in this communication as the individual is seen as nothing but an appearance and that which takes itself to be separate is actually boundless energy or unconditional love. Nothing is offered or guaranteed in this communication, a communication that belongs to nobody and comes from no-thing. This agendless boundlessness can be very obvious to some and the energetic resonance of what is being suggested beyond words or description. The apparent individual can do nothing but reject what is being suggested and the apparent person can appear to go away more reinforced and fortified or less solid or perhaps it can

be become suddenly and immediately obvious that there is no individual and never has been. There is no goal or agenda for any of the aforementioned responses to occur as from the perspective of the apparent communicator there is no separate individual or anything else that is separate, therefore whatever appears to happen is already whole and complete.

Five apparent days gives more apparent space for the communication to sing in a way and it can become very very obvious that what is being suggested has nothing to do with understanding or knowing and is already what is or appears to be.

Location

I have chosen Ennistymon as it is a town I really like that is only two miles from my favourite seaside town in Ireland—Lahinch. I have scheduled meetings to take place in the morning and evening, leaving the afternoon free for people to explore the area. Lahinch has one of the best beaches in Ireland and there are a variety of watersports (windsurfing, surfing and paddle boarding) that can be done and classes offered by local companies. Lahinch golf course is one of the best links golf courses in Ireland and is holding the Irish Open in July. The world renowned Cliffs of Moher are only a few miles away and offer fantastic views and trails for hiking and trail running. There is are several Yoga studios in the area and I can negotiate a group rate if the interest is there.

Some quick research will show you how much is on offer in the Burren.

For more information on Ennistymon <https://youtu.be/7Rs6v4xKcKw>

Ennistymon and Lahinch are on the Wild Atlantic Way. <https://youtu.be/7Rs6v4xKcKw>

Transport and Connections

Shannon airport is 45 mins from Ennistymon by car. If there are people who are not renting a car I will be able to coordinate a taxi or provide a lift.

Shannon airport is approximatley 45 minutes drive from Ennistymon.
